INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
of Bosque Higher Education Authority, Inc.

We have audited the accompanying financial statements of Bosque Higher Education Authority, Inc. (a not-for-profit organization), which comprise the balance sheets as of June 30, 2020 and 2019, and the related statements of changes in fund balance and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Bosque Higher Education Authority, Inc., as of June 30, 2020 and 2019, and the changes in its fund balance and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Bosque Higher Education Authority, Inc.
Notes to Financial Statements
(In Thousands)

June 30, 2020 and 2019

1. Organization

Bosque Higher Education Authority, Inc. (the Authority) is a Texas not-for-profit public benefit corporation, which was incorporated in March 1989, for the purpose of providing funds for the acquisition and servicing of student loans that are: (1) insured by the United States Department of Education (DOE) and guaranteed by various national guarantors under the Federal Family Education Loan Program (FFELP) as provided for in the *Higher Education Act of 1965*, as amended, and (2) uninsured and nonguaranteed alternative student loans. To maintain such insurance and guarantee of student loans, the Authority must comply with the servicing, collecting, accounting, and reporting requirements of the FFELP. The Authority has contracted with Brazos Higher Education Service Corporation, Inc. (BHESC) to serve as master servicer. BHESC has contracted with various sub-servicers for loan servicing duties. Funding for the Authority has been provided by financial institutions through issuance of short-term lines of credit and, periodically, by advances from affiliates.

The Authority's primary source of revenue is interest on student loans. All borrowings on the notes payable are expected to be repaid solely from funds derived from student loan principal repayments, interest, special allowance payments, interest subsidy payments, guarantee payments on defaulted notes, proceeds from sales of student loan notes, and investment revenue.

Merger

On April 30, 2019, the Authority merged with affiliated entities, Brazos Education Funding Corporation (BEFC), Angelina Higher Education Authority, Inc. (AHEA), and Trinity Higher Education Authority, Inc. (THEA), with the Authority being the surviving entity. The financial statements, for all periods presented, have been accounted for on a retrospective basis as if the merger occurred prior to the beginning date of the financial statements being presented. Additionally, the financial statements of the prior periods have been restated to reflect this merger. There was no exchange of consideration for this combination and no intercompany transactions that required elimination. All entities were under common control.

Assignment of Indenture

During the 2019 fiscal year, BEFC transferred to the Authority assets, liabilities and results of operations of the BEF 2015-1 Indenture as part of the Merger discussed above. This Indenture was assigned to the Authority on April 30, 2019. The Authority irrevocably and unconditionally assumed from BEFC all of the obligations to perform and observe the agreements and obligations of BEFC under the Indenture. The notes associated with this Indenture were limited recourse obligations that are payable solely from the existing assets pledged under the Indenture.

Bosque Higher Education Authority, Inc.
Notes to Financial Statements (continued)
(In Thousands)

June 30, 2020 and 2019

The assignment does not amend, modify or otherwise change the terms of the Notes or the Indenture in any respect. Following the assignment and merger discussed above, the notes will continue to be limited recourse obligations that are payable solely from the existing assets pledged under the Indenture.

Special Purpose Vehicle

In prior fiscal periods of the Authority, a Special Purpose Vehicle (SPV) was created to finance the purchase of student loan notes receivable. During this same period, the SPV issued notes totaling \$115,300 to purchase \$111,021 of outstanding FFELP student loans. The financial activity of the SPV is included within these financial statements.

BHESC serves as the Master Servicer for the indenture held by this SPV.

2. Significant Accounting Policies

Basis of Presentation

The financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States and, accordingly, reflect all significant receivables, payables and other liabilities. The accounts of the Authority are maintained in accordance with the principles of fund accounting in compliance with the debt instruments. This is a system under which resources are classified for accounting purposes into funds established for specific purposes. The Authority aggregates its funds into general groups by the source of funding. The fund balance related to specific financings is restricted by the indenture, and as such, is shown as with restrictions on the balance sheets. The non-debt related fund balance, if any, is shown as without restrictions on the balance sheets.

Affiliated Entities

The Authority is affiliated with the following entities, which are required to be audited due to federal program requirements, or which are audited due to the significance of their activities and operations:

- Brazos Higher Education Authority, Inc. (BHEA)
- Brazos Student Finance Corporation (BSFC)
- Federated Student Finance Corporation (FSFC)
- Acapita Education Finance Corporation (AEFC)

Bosque Higher Education Authority, Inc.
Notes to Financial Statements (continued)
(In Thousands)

June 30, 2020 and 2019

- Brazos Higher Education Service Corporation, Inc. (BHESC)
- Brazos Education Loan Authority, Inc. (BELA)

All of these entities operate in the student loan higher education industry and are controlled by common officers and directors with the ability to influence the business performed by each entity. BHESC, by contract and for compensation, serves as Master Servicer and provides headquarter facilities, management, administrative support, marketing and accounting services. BHESC also oversees the sub-contracting of servicing and collection activities.

Estate distributions are a release of excess funds to another Brazos affiliate, allowed by the Indenture. Estate contributions are the receipt of excess funds from other Brazos affiliates. These amounts do not meet the criteria of income or expense and are thus treated as estate contributions and distributions.

Debt Issue Costs and Note Discounts

The Authority capitalizes debt issue costs incurred when issuing debt. Debt issue costs include costs related directly to the issuance of notes payable, and consist primarily of filing fees, trustee fees and expenses, document reproduction costs, legal fees, costs of credit ratings, underwriter's fees, and other costs. The Authority also issues notes at a discount and records the discount as an adjustment to notes payable, net, on the balance sheet. Debt issue costs and note discounts are amortized over the terms of the notes using a method that approximates the effective interest method. The amortization of the debt issue costs and note discounts is included within interest expense on notes payable in the statements of changes in fund balance.

Interest Receivable

Interest receivable on student loan notes receivable includes special allowance payments receivable from or payable to the DOE, government subsidy interest, and borrower interest on all student loans outstanding.

Cash and Short-Term Investments

Cash and short-term investments consist of demand deposits in banks and money market funds, with initial maturities of 90 days or less. Cash and short-term investments are held in indenture with U.S. Bank, N.A. (the Trustee) under various indentures, subject to certain limitations (see *Note 2 – Trustee*), and are pledged to secure related notes payable. Any realized or unrealized changes in fair value are recorded through the statements of changes in fund balance. Interest revenue from these investments is recorded on an accrual basis.

Bosque Higher Education Authority, Inc.
Notes to Financial Statements (continued)
(In Thousands)

June 30, 2020 and 2019

Cash and short-term investments are comprised the following:

	June 30,	
	2020	2019
Money market funds	\$ 1,157	\$ 1,512

As of June 30, 2020 and 2019, the Authority had \$582 and \$582, respectively, in cash reserves in compliance with indenture requirements.

Student Loan Notes Receivable, Net

Student loans are stated at the principal amount outstanding, less unamortized purchase discounts, net of the allowance for loan losses. These student loan notes receivable held within the indenture is pledged against any outstanding loans of that Indenture.

There was no impairment of student loan notes receivable during the years ended June 30, 2020 or 2019. A loan is considered past due or delinquent when it becomes 31 days past due. Alternative loans are written off and placed with a collection agency at 120 days past due. Delinquent FFELP loans cannot be submitted to the guarantor for payment until the loan is 270 days past due, but before 330 days past due. The guarantor pays interest accrued through the date of the claim payment. Accordingly, there are no loans on nonaccrual status as of June 30, 2020 or 2019.

Premiums and Discounts on Loans Purchased

The Authority defers premiums and discounts incurred on those student loan notes purchased and used to secure long-term financings, and amortizes such amounts over the estimated life of the student loan notes as an adjustment to the yield of the related loans utilizing a method which approximates the effective interest rate method. Amortization of the premium and discount is included within the statements of changes in fund balance in interest on student loan notes receivable and is recognized on a monthly basis. The net unamortized loan purchase premium is included on the balance sheet within the student loan notes receivable.

Income Taxes

The Authority is a not-for-profit public benefit corporation, which is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3). The Authority is also exempt from state income tax. Income that is not related to its

Bosque Higher Education Authority, Inc.
Notes to Financial Statements (continued)
(In Thousands)

June 30, 2020 and 2019

exempt purposes, less applicable deductions, is subject to federal income taxes. The Authority had no net unrelated business income for the years ended June 30, 2020 and 2019. As such, no provision for federal or state income taxes has been provided in the accompanying financial statements.

The Authority files federal information returns in the United States. The Authority may be subject to examinations for the tax years ended June 30, 2017, and later by the Internal Revenue Service. The Authority is not currently under examination for any open tax year.

The Authority follows the accounting standard related to the accounting for uncertainty in income taxes recognized in the Authority's financial statements. The standard prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The Authority currently has no uncertain tax positions.

Trustee

The Authority contracts certain services to the Trustee. The Trustee holds the pledged student loan notes receivable and other invested assets in the Authority's name, and invests and disburses funds as directed by the Authority pursuant to the requirements of the credit agreement. The Trustee also monitors the invested assets of the Authority and the related cash flows of the loans and other assets pledged under the indenture to secure the related debt.

Concentration Risk

The Authority's credit risk is inherent principally in its student loan notes receivable. It is impossible to predict the status of the economy or unemployment levels, which could significantly affect the Authority's credit risk exposure. However, the credit risk of the Authority is substantially decreased by the guaranteed nature of its investment in guaranteed and insured student loan notes receivable.

According to FDIC regulations, financial institutions insure monetary accounts up to \$250 per depositor at each separately chartered FDIC-insured depository institution. The Authority's cash balances were adequately insured as of June 30, 2020 and 2019.

The Authority's loan portfolio is also concentrated in FFELP loans. At June 30, 2020 and 2019, 99% and 99%, respectively, of the portfolio is comprised of FFELP loans. Any changes in legislation related to existing FFELP or consolidation loans could have a significant impact on the Authority.

Bosque Higher Education Authority, Inc.
Notes to Financial Statements (continued)
(In Thousands)

June 30, 2020 and 2019

Fund Balance

Fund balance, revenues, gains and losses are classified based on the existence or absence of donor restrictions.

Fund balance without donor restrictions are available for use in general operations and not subject to donor restrictions.

Fund balance with donor restrictions are subject to donor restrictions. Some restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor or credit arrangement. Other restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Student Loan Revenue

The Authority recognizes interest revenue on student loans, special allowance revenue (rebates), and government interest subsidies as earned, net of DOE rebate fees paid on a monthly basis. Additionally, revenue is recognized based upon the principal amount outstanding in accordance with the terms of the applicable loan agreement on a monthly basis until the outstanding balance is paid or charged off.

Interest Expense

Interest expense is based upon contractual interest rates (variable), adjusted for the amortization of note discounts and debt issue costs.

Department of Education Fees

Approximately 90% and 85% of the portfolio is consolidation loans, on which the Authority pays fees to the DOE, for the years ended June 30, 2020 and 2019, respectively. DOE fees consist of rebate fees due to the DOE. Rebate fees are monthly fees assessed by the DOE on the outstanding consolidation loan balance at the end of the month. Rebate fees are accounted for as an adjustment to the yield on student loan notes receivable included within the statements of changes in fund balance in interest revenue from student loan notes receivable.

Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and

Bosque Higher Education Authority, Inc.
Notes to Financial Statements (continued)
(In Thousands)

June 30, 2020 and 2019

liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates. Key accounting policies include significant judgments and estimates including the use of the effective interest rate method to amortize discounts on loans purchased and provision for loan losses.

3. Student Loan Interest Receivable and Revenue

FFELP loans obligate the borrower to either pay interest at a stated fixed rate or an annually reset variable rate that has a cap depending on when the loan was originated. The interest earned by the Authority is dependent upon the borrower's interest rate, the date the loan was originated, and the Special Allowance Payment formula.

The Special Allowance Payment formula, or SAP rate, is determined by the DOE, based upon an average of all of the applicable floating rates (91-day Treasury bill, commercial paper, and 52-week Treasury bill) in a calendar quarter, plus a spread of between 1.74% and 3.50%, depending on the underlying loan status and origination date. These rates are then applied to the quarterly average daily balance for loans eligible to receive SAP.

For loans first disbursed prior to April 1, 2006, the Authority earns interest at the higher of the borrower's rate or the SAP rate. If the SAP rate exceeds the borrower's rate, the DOE makes a payment directly to the Authority. For loans first disbursed after April 1, 2006, the Authority earns interest at the SAP rate. If the SAP rate is less than the borrower's rate, the Authority "rebates" the difference between the borrower's rate and the lower SAP rate to the DOE. If the SAP rate is greater than the borrower's rate, the DOE makes SAP payments to the Authority for the difference between the two rates.

At June 30, 2020 and 2019, student loans held by the Authority had stated interest rates determined annually by the DOE ranging from 4.06% to 8.50% and 3.63% to 8.50%, respectively, and are generally payable by the borrower following a specified grace period. Effective July 1, 2020, the DOE reset these rates to range from 1.83% to 8.50%.

For FFELP loans, the U.S. government pays the Authority the interest on subsidized student loans from the date of acquisition until the end of the grace period, as defined in the regulations.

Bosque Higher Education Authority, Inc.
Notes to Financial Statements (continued)
(In Thousands)

June 30, 2020 and 2019

Interest revenue from student loan notes receivable consists of the following:

	June 30,	
	2020	2019
Student loan interest revenue	\$ 4,751	\$ 5,615
Interest subsidiary revenue	105	143
Special allowance rebate	(126)	(21)
DOE rebate fees	(751)	(852)
Amortization of student loan premium	(500)	(434)
Net interest revenue on student loan notes receivable	<u>\$ 3,479</u>	<u>\$ 4,451</u>

Under certain conditions, the Authority may capitalize accrued interest receivable and add it to the borrower's outstanding principal. For unsubsidized FFELP student loans, the borrower has the option of either paying the interest or having accrued interest capitalized from the date of the loan origination until the end of the grace period and during periods of deferment. Borrowers of both subsidized and unsubsidized FFELP student loans have the option of having accrued interest capitalized during periods of forbearance. Subsequent interest accrues on the new total principal balance which includes any capitalized interest.

Interest receivable on student loan notes receivable, net consisted of the following:

	June 30,	
	2020	2019
Student loan interest receivable	\$ 2,343	\$ 2,399
Interest subsidiary receivable	20	33
Special allowance receivable (payable)	(58)	6
Interest receivable on student loan notes receivable, net	<u>\$ 2,305</u>	<u>\$ 2,438</u>

4. Student Loan Notes Receivable

Student loan notes are either originated by the Authority or purchased primarily from third-party originating lenders. The Authority's student loan portfolio consists principally of loans originated under the FFELP federally sponsored student loan program.

Bosque Higher Education Authority, Inc.
Notes to Financial Statements (continued)
(In Thousands)

June 30, 2020 and 2019

Total student loan notes receivable consists of the following:

	June 30,	
	2020	2019
FFELP student loan notes receivable	\$ 73,209	\$ 87,238
Alternative student loan notes receivable	710	904
Deferred loan premiums	1,801	2,301
	<u>75,720</u>	<u>90,443</u>
Allowance for student loan losses	(75)	(148)
Student loan notes receivable, net	<u>\$ 75,645</u>	<u>\$ 90,295</u>

Loan Programs

The FFELP includes the Federal Stafford Loan (Stafford) Program, the Federal Supplemental Loans for Students (SLS) Program, the Federal Parent Loan for Undergraduate Students (PLUS) Program, the Federal Parent Loan for Graduate Students (GradPLUS) Program, and the Federal Consolidation Loan Program. These loan programs are available to students or parents of students who, when the loans were originated, were enrolled in postsecondary institutions.

Stafford, SLS, GradPLUS, and PLUS loans have repayment periods ranging from between 5 and 10 years. Federal consolidation loans have repayment periods of 12 to 30 years. Repayment on these loans commences subsequent to a grace period following the student's graduation. Alternative loans have repayment periods ranging from between 15 and 20 years. There is no deferral of the repayment period for these loans.

All FFELP loans held by the Authority have been either insured or guaranteed by the U.S. government, Texas Guaranteed Student Loan Corporation (TGSCLC), or other national guarantors, provided applicable program requirements have been met by the original lender, prior servicer, and the current servicing agent with respect to such loans. For purchased loans, the original lenders have warranted to the Authority that the student loans have met these requirements and are valid obligations of the borrowers. Student loan notes that do not conform to the terms of the purchase agreement between the individual entities and the original lender may be returned to the original lending institution for reimbursement of principal, interest, and costs incurred while held by the individual entities.

In the event of default on a student loan due to borrower default, death, disability, or bankruptcy, the Authority files a claim with the insurer or guarantor of the loan. The Authority will receive

Bosque Higher Education Authority, Inc.
Notes to Financial Statements (continued)
(In Thousands)

June 30, 2020 and 2019

the unpaid principal balance and accrued interest on the loan less any risk sharing, if applicable, provided the loan has been properly originated and serviced.

The Authority's alternative loans are education-related student loans. The Authority bears all risk of loss on uninsured alternative loans.

Student Loan Servicing

BHESC serves as Master Servicer for the Authority with the necessary student loan servicing to maintain compliance with the requirements of the FFELP and alternative programs by holding subservicing agreements for loan servicing duties with various student loan servicing agents. BHESC currently holds subservicing agreements for loan servicing duties with American Education Services, NelNet Diversified Solutions LLC, and Navient (formerly Sallie Mae Servicing Corporation) on behalf of the Authority. Under the terms of these subservicing agreements, the sub-servicer indemnifies the Authority for any loss of principal and interest resulting from deficiencies in the loan servicing performed by the sub-servicer. At June 30, 2020 and 2019, 100% of the portfolio is serviced by a third-party sub-servicer.

Allowance for Student Loan Losses

The Budget Reconciliation Act of 1993 (the Act) lowered the federal guarantee for FFELP student loans made on or after October 1, 1993 to 98%. *The Deficit Reduction Act of 2006* lowered the federal guarantee for FFELP student loans made on or after July 1, 2006 to 97%. The Authority provides an allowance for estimated loss of guaranteed student loan principal and interest related to the 2% unguaranteed and unrecoverable amounts on student loan notes receivable. The Act's lowering of the federal guarantee has not historically had a material impact on the Authority. The Authority determines the allowance for loan losses based on loss factors applied to the portion of student loan balances without government guarantee by individual loan type and status. Because the Authority's portfolio consists of guarantees ranging from 97% to 99%, and because there is a relatively small percentage of loans at the 97% guarantee, management has considered that 98% of principal and interest is guaranteed and there is only 2% of principal with credit risk.

In addition, the Authority bears all risk of loss on all other alternative loans. The Authority's alternative loans that do not have a loan guarantee are primarily education-related student loans to students attending postsecondary educational institutions or career training institutions. A quarterly review is performed on the alternative outstanding loan balances compared to historical delinquencies incurred. Based on this analysis, the Authority records an allowance for these loans based on the loan type and delinquency of the loans.

Bosque Higher Education Authority, Inc.
Notes to Financial Statements (continued)
(In Thousands)

June 30, 2020 and 2019

Activity in the allowance for loan losses is summarized as follows:

	June 30,	
	2020	2019
Balance, beginning of year	\$ 148	\$ 112
Provision for loan losses	57	36
Recoveries	59	47
Charge-offs	(189)	(47)
Balance, end of year	<u>\$ 75</u>	<u>\$ 148</u>

5. Notes Payable

Previously, the SPV issued notes in the amount of \$115,300. The proceeds were used to purchase FFELP student loan notes. As part of this transaction, BEFC used the proceeds of a \$9,478 loan from BHESC to supplement the purchase of those loans. Interest on this loan is 0%.

During a previous fiscal year, the Authority entered into a \$20,000 revolving note with Brazos Higher Education Service Corporation, Inc. (BHESC) an affiliated entity with a maturity date of June 30, 2028. Interest on this note is 0%. The note proceeds are to be used to purchase FFELP rehabilitation student loan notes receivable. The note is to be paid back with excess student loan note collections. Notes payable consist of the following:

	June 30,		Final Maturity Date
	2020	2019	
Student Loan Asset-Backed Notes Series 2015 A-1	\$ 56,637	\$ 67,209	October 2056
Student Loan Asset-Backed Notes Series 2015 B-1	4,700	4,700	October 2056
Revolving note payable to BHESC	5,251	11,046	June 2028
Note payable to BHESC	4,699	4,699	October 2058
	<u>71,287</u>	<u>87,654</u>

Bosque Higher Education Authority, Inc.
Notes to Financial Statements (continued)
(In Thousands)

June 30, 2020 and 2019

The Series “A” notes are senior notes and the Series “B” notes are subordinate notes. Per the indentures, the senior notes have a superior interest to the indenture assets over the subordinate notes. Due to this higher risk, subordinate notes yield a higher interest rate.

Interest rates for the various notes are based on variable rates. The interest rates at June 30, 2020 and 2019, for each class of notes are as follows:

		<u>June 30,</u> <u>2020</u>	<u>June 30,</u> <u>2019</u>
Series 2015 A-1 Floating rate securities	30-Day LIBOR plus 1.00%	1.17%	3.40%
Series 2015 B-1 Fixed rate subordinate	30-Day LIBOR plus 1.50%	1.67%	3.90%

Pursuant to the indenture agreement, the Authority is subject to certain financial and nonfinancial covenants. Under the note agreements, the Authority has certain minimum collateral coverage requirements. Under the indenture covenants, the Authority must make timely principal and interest payments or the notes will default.

The maturities of notes payable as of June 30, 2020, by fiscal year, are as follows:

2021	\$	-
2022		-
2023		-
2024		-
2025		-
Thereafter		71,287
		<u>\$ 71,287</u>

The actual maturities of notes payable may differ from the contractual maturities noted above, as the Authority has the ability to prepay the debt outstanding.

6. Fund Balance (Deficit)

Fund Balance with Restrictions

As noted in *Note 2* of significant accounting policies of the Authority, the fund balance with restrictions by the credit agreement as noted on the balance sheets. For the Authority, fund balance with restrictions for the fiscal years ended June 30, 2020 and 2019 is noted below:

Bosque Higher Education Authority, Inc.
Notes to Financial Statements (continued)
(In Thousands)

June 30, 2020 and 2019

	June 30,	
	2020	2019
Subject to expenditure for specified purpose:		
Fund balance with restrictions	\$ 10,948	\$ 10,110

Fund Balance (Deficit) Without Restrictions

As noted in *Note 2* of significant accounting policies of the Authority, fund balance (deficit) without restrictions is limited to any non-debt related funds as of fiscal years ended June 30, 2020 and 2019 designated as fund balance (deficit) without restrictions on the balance sheets.

	June 30,	
	2020	2019
Fund balance (deficit) without restrictions	\$ (1,300)	\$ (1,493)

Fund Balance Released from Restrictions

As noted in *Note 2* of significant accounting policies of the Authority, resources of the Authority are established for specific purposes or financings. As shown in the statements of changes in fund balance, fund balance with restrictions saw revenues exceed expenses in the amount of \$838 and \$5,070 while fund balance (deficit) without restrictions saw revenues over (under) expenses in the amount of \$193 and (\$4,470) for the years ended June 30, 2020 and 2019, respectively.

7. Revenue of the Authority

Revenue recognition of the direct, significant revenue of the Authority is disclosed in *Note 2* to the financial statements.

The disaggregation of total revenue per percentage including both interest revenue and noninterest revenue is as follows for the years ended June 30, 2020 and 2019:

Bosque Higher Education Authority, Inc.
Notes to Financial Statements (continued)
(In Thousands)

June 30, 2020 and 2019

	June 30,	
	2020	2019
Interest revenue:		
Student loans note receivable	98.08%	97.08%
Investments	0.85%	2.20%
Noninterest revenues:		
Other	1.07%	0.72%

8. Liquidity and Availability

As disclosed in *Note 2* of significant accounting policies, financial assets of the Authority are limited and with restrictions to a specific purpose in accordance with the principles of fund accounting in compliance with debt instruments. Revenue from those assets with restrictions is for specific purposes of the fund. Funds of the Authority are only available for general expenditure through the fund balance without restrictions.

9. Related-Party Transactions

Estate distributions, net in the amount of \$2 and \$668 were made to BHESC during the years ended June 30, 2020 and 2019, respectively.

Included in administrative and loan servicing fees are administrative fees paid to BHESC and servicing fees paid to BHESC third-party sub-servicers. During the years ended June 30, 2020 and 2019, the Authority recorded \$338 and \$241, respectively, in administrative fees paid to BHESC, Master Servicer, for providing administrative support, such as accounting and information technology infrastructure.

10. Subsequent Events

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which could negatively affect the financial position, results of operations and cash flows of the Authority. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

Subsequent events have been evaluated through October 27, 2020, which is the date the financial statements were available to be issued. No events requiring disclosure were noted.
